

(Memories continued from page 1)

Your memories come from many sources. We can copy your old photos to share as prints with family members. Prints may be framed or put in to scrape books. We can also put those memories onto gift product. Printed on an everyday item the photos get talked about and memories come alive. They capture a moment in time.

Memories also come alive in lovely lettering by Lisa Fox. A special sentiment is captured and given life. Consider a wedding toast, a family quote or a poem written for a special occasion. If you are not the author of the work you will need permission to have it duplicated in calligraphy. Lisa also combines a couple's names or initials and wedding date into a colorful design that can be used on stationary or on a gift for a wedding or anniversary.

Zachary Bear® pictures are available in three sizes. The sizes listed are the outside dimension of the mat or frame. Lori Aman created the character in 1982 and there are over 300 different titles to choose from. When you add all the male and female variations there are over 700 different designs, so there is certainly something for everyone. There are sports, hobbies, occupations and family life events. For full list of our designs go to zacharybear.com and click on the button on the right for Zachary Bear® designs.

We have been making memories at Zachary Bear for many years. In 1982, Loram Productions began to sell the artwork of Lori DeLeonardis-Aman. Lori created a character she called Zachary Bear®. In 1988, Segway began to provide transitional services to help artists use technology. In 1991 the two companies joined together.

Today we make memories from photos you have taken or artwork created by you or a family member. Think of the possibilities when you put a photo on a mug, mouse pad or other gift item. There are many types of mugs available, starting at \$14.95, that may be printed with our artwork or your photos.

We offer many ways to make memories with artwork. When we put children's art on a product we call it a Young Masterpiece. Anytime your child makes an exciting piece of art, we can make a memory by printing that masterpiece on a gift product. Instead of hanging it on the refrigerator, make a set of note cards or a t-shirt to wear. We can also put one image or a

collage on a serving tray. We also do a fun fund-raising event for an art class, a whole school or any group. **Have fund with art!**

Make memories with artwork that we have created for you. There are over 700 variations of Zachary Bear® pictures, created by Lori Aman. In addition to Zachary Bear, she has also painted Adirondack scenes, lighthouses and regional folk art.

The various scenes with Zachary Bear and his friend Sara represent occupations, hobbies, sports, recognitions and family life events. The pictures are available in three print sizes with a choice of mat color and name personalization. Frames are also available. The Zachary Bear pictures may be printed on mugs, mouse pads and any gift that we make in our store.

Local towns have been brought to life by Lori in regional folk that she has created. Her first series features four seasons and four different views of the Village of Webster, at the

Webster Schools Past and Present

turn of the century. Later additions include **Webster Fun in the 1950' and 1960's**, and **Webster Schools Past and Present**. Did you know that Webster used to have an amusement park and a drive-in theater? Lori used thirteen current churches from around the town of Webster to create **Winter Worship**. She has painted Fairport village to include the canal, railroad and gazebo with snow covered churches.
